

International Directory of Mathematics Educators

Alan Rogerson

Dear friends,
Professor Peter Gates at Nottingham University created and maintained for many years the International Directory of Mathematics Educators to help mathematics educators keep in touch world wide and for them to know who was working in various countries. The Directory consists of one Main File, containing all individual names in alphabetical order, and also files listing individuals country by country. The Directory has now moved to a new home www.DirectoryMathsEd.net/ where it will be maintained and updated in future by Alan Rogerson.

How do names get on the Directory? In general names are not solicited or nominated. Every entry is made only by the individual concerned, and on a voluntary basis. The Directory is OPEN in the sense there are no strict criteria or requirements for entry, other than an interest and/or involvement in research/innovation in the teaching and learning of mathematics. So it is basically up to each individual to nominate themselves.

We warmly invite people who are not yet on the list to enter, and for those on the list to encourage their colleagues to join us, so the Directory can hopefully expand and serve a wider audience world-wide. Please suggest to your international contacts that they also send in their entries to

me, whether or not their country is represented yet, we can easily add new countries.

If you would like to be included in The Directory please send me at alan@rogerson.pol.pl your complete entry in standard format, and I will cut and paste it into the Directory so your entry will be "owned" by you.

The standard format in the Directory consists of the following items, all in one continuous line, separated by commas and spaces:

Surname or family name, given name(s), email address, postal address(es), telephone number(s) (and URL(s) if you wish)

Please follow this example in its formatting:

Gates, Peter, peter.gates@nottingham.ac.uk,
Centre for the Study of Mathematics Education,
School of Education, University of Nottingham,
Jubilee Campus, Nottingham NG8 1BB, UK, (+44) (0) 115 951 4432, Fax: (+44) (0) 115 846 6600, <http://www.nottingham.ac.uk/education/staff/pgates/htm>

Notice that personal titles are not included. If you are already on the list, would you be kind enough to verify that all your details are currently correct and your email addresses and URLs actually work, and if not could you send me your complete updated version formatted exactly as above? Many of the entries are quite old now and some of you might well have had several promotions since your entry was added!

You may notice some minor inconsistencies in formatting on the Directory pages at present, especially extra line spaces. This is a small technical glitch caused by different default formats for different entries, and will be fixed later when the whole site is revamped.

Looking forward to getting more entries, and thanks to all of you for your patience and cooperation.

Vive Le Directoir! ... as they say!
